

## **AUGUST 2021 UPDATE**

As a specialist import wholesaler of respirators since 2007 we strive to provide value and regular supply.

Fortunately we can revert to pre covid price levels on our P2 disposables.

Currently there is limited inventory of our #DM30 P2CV and #DM2 P2V styles with next shipment of all models due late August

Demand for cup shape & premium individually wrapped vertical fold models remains strong.

If you require any inventory, please confirm your order asap.

We wish to thank our loyal customers for their understanding during this difficult period.

Stay safe 😊
